Stephen Sakac & his Son Tony

To whom it may concern:

My name is Jeffrey J. Gilstrap, I moved to Las Vegas from Arizona on a new Job with T-Mobile back in December 16 of 2014. I am a devoted Catholic and I assist weekly Sunday Holly Mass with my family. On one of my visits to St. Anne's Church I was fortunate to meet Mr. Sakac and his Son Tony. My first reaction after seeing Mr. Sakac was on keeping my eyes on how well he attended his Son Tony and with so much love and enthusiasm. It was very hard for me to stay focus during Mass that day. When Mass was over I notice the love from people handing donations to Mr. Sakac and his Son Tony and I then learned how they both depended so much from them. On my way out of church I walked up to Mr. Sakac and his Son and gave him a small donation, I then asked some questions in which turned out to a long conversation about Tony's life. This was the beginning of a long One year journey for me as a friend with Mr. Sakac and his Son Tony. I can narrate the following in shorter words as if I was to get in to much detail then I will need a few pages of all the wonders I've seen from Mr. Sakac to his Son. I can say that I have never seen such pure love from a father to a son as I have seen from Mr. Sakac to his Son. His love is 100% pure and genuine from a real humble hearth that has dedicated his entire life to his son, despite the struggles life may bring. Mr. Sakac's outstanding care and dedication to his son is 24 hours a day 7 days a week and ongoing! I cannot even start in comparing any Hospital or any one to the priceless care Mr. Sakac gives to Tony. The preciseness of this man's care over any one else is unquestionable. I have seen so many lovely people around Mr. Sakac that has known him for many years and they all talk wonders about him. I have viewed videos that are available on YouTube and real fact documentaries about Tony's life. There is stacks of Doctor documents and letters from all sort of places that confirms the wonders this humble Man has continuously provided for his Son Tony. On the reverse side I can testify with my own eyes to have witness the harsh to the unwillingness in helping Tony out from our local corrupt Hospitals. They have dishonored Mr. Sakac to the maximum with no dignity with no humility with no kindness. I have seen in the past when Mr. Sakac will bring his son Tony to the local Hospital to get help, yet they will just do a quick in and out without further assisting Tony when his wounds were minor having plenty of time to take care of them. The issues and questioning that is currently in highlight are issues originated by the pure negligence of the same Local Hospitals. I admire Mr. Sakac for who he is and for what he stands for. I know in my heart that God has allowed this to be as it is as a test to humanity. Mr. Sakac and his Son Tony are a living example placed in this earth to touch hearths and I am a witness of it as he has touch my heart and many others around me. God bless Mr. Sakac and his son Tony and I pray for justice to be placed correctly with no mistakes.

Sincerely,
