Missions Director

Greetings;

If you are considering helping Steven and Tony Szacak, allow me to vouch for them from my experience.

I met Steven and Tony in 1991 when I was pastoring the Foursquare Church in San Francisco, and we worked quite a bit with him to raise funds to care for Tony's medical needs.

Steven has impressively, consistently, and lovingly poured himself out to care for Tony 24 hours a day all these years. Steven doesn't drink, smoke, or do drugs. Any financial help given to him will be used in a careful responsible manner for Tony's therapy. In short, he is trustworthy, and his cause is genuine.

Should you or someone in your church wish to help, a trust fund has been set up in Tony's name, and Steven can give you all the particulars.

God bless you as you serve Him,

Dan Lemaire
